

Billie Book Testimonials

Thank you for the wonderful program that you did for the children at the library. Billie Book did a wonderful job and the children really enjoyed the program. The reading theme was so great for the children to promote literacy within the library was something that we always need.

**Thanks again for a super program.

***Dear Billie Book,
The most important thing I learned about reading was reading to be a better reader.***

Billie Book's presentations are great to supplement the concept that reading is a critical skill to develop. What a fun method of presenting an essential element of our lives!!

***Dear Billie Book,
The most important thing I learned about reading was that it is just like practicing for baseball or some other sport. Because if you practice you get better and better.***

**Love,
